

EVERPsSTICKERS

Product Label Printing Module

Presentation

This module allows you to print labels to paste on your products, in order to give information to your customer when he receives his order.

This module will help you to manage your stock by displaying directly the information concerning the declensions and characteristics.

Installation

Please go from your back office in the "Modules" tab. Click on the top right on "Add a new module"

Go get the module on your computer, and click on "Load module"

The module will appear in the list of modules, click its side on the "Install" button.

No settings are required.

Printing a product label

Note that a new tab in the menu has appeared, it is through it that you can print your labels.

Click on it, it will direct you to the selection of the product to print.

The module presents a search field, enter the beginning of the name of your product, EverPsStickers will propose the products automatically to you.

A screenshot of the 'EVER PS STICKERS' web interface. At the top left, the text 'EVER PS STICKERS' is displayed. Below it is a search bar with the placeholder text 'Search a product' and a search icon. The search bar contains the text 't-shirt'. Below the search bar, there are two dropdown menus. The first is labeled 'Matching products' and contains the text 'T-shirt délavé à manches courtes'. The second is labeled 'Available combinations' and contains the text 'S - Orange - 19,81 €'. At the bottom right of the interface, there is a button with a circular icon containing a right-pointing arrow and the text 'Generate Stickers'.

Select the desired product and associated declination, and print your A4 labels.
