

EVER AWIN

Awin tracking module

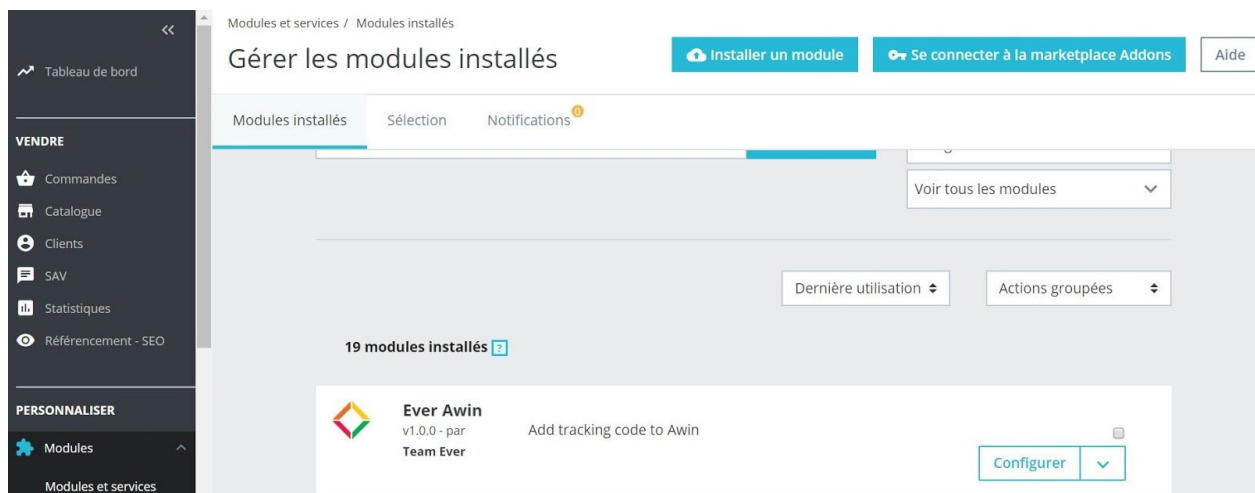

Presentation

This module allows you to set up a tracking with Awin affiliation

Installation

Go to the "Modules" section of your site's administration and click on "Install a module"

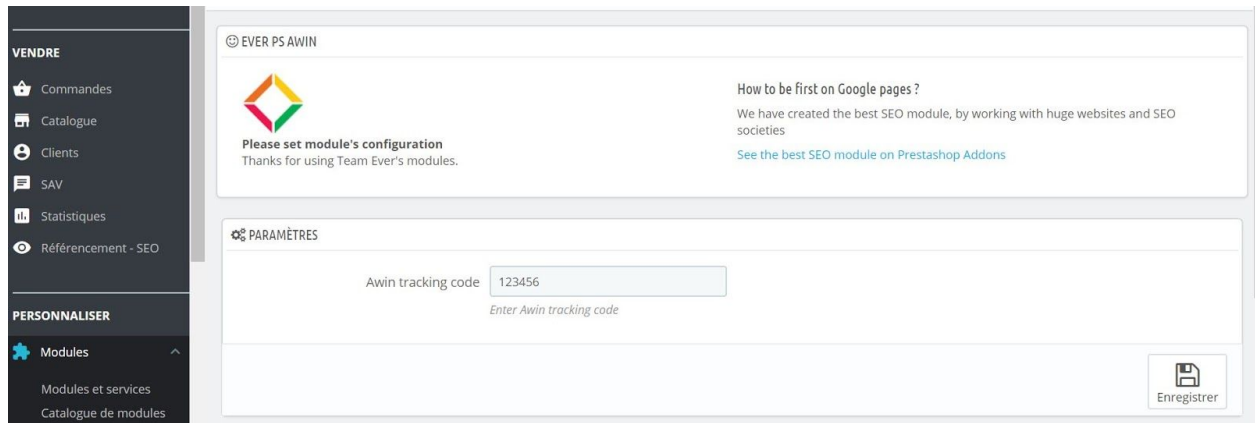

Get the module archive on your computer and send it to the area that appears on your Prestashop site

Configuration

After the creation of your Awin account, a code is provided to you.

In the module configuration, enter it in the field provided for this purpose

The screenshot shows the configuration interface for the 'EVER PS AWIN' module. On the left is a dark sidebar menu with two sections: 'VENDRE' (containing 'Commandes', 'Catalogue', 'Clients', 'SAV', 'Statistiques', and 'Référencement - SEO') and 'PERSONNALISER' (containing 'Modules', 'Modules et services', and 'Catalogue de modules'). The main content area is titled 'EVER PS AWIN' and features a colorful logo. Below the logo, it says 'Please set module's configuration' and 'Thanks for using Team Ever's modules.' To the right, there is a text block titled 'How to be first on Google pages?' with a sub-header 'We have created the best SEO module, by working with huge websites and SEO societies' and a link 'See the best SEO module on Prestashop Addons'. Below this is a 'PARAMÈTRES' section with a form field for 'Awin tracking code' containing the value '123456' and a placeholder 'Enter Awin tracking code'. An 'Enregistrer' button is located at the bottom right of the configuration area.

No other settings are required, the module automatically set up on your shop

All Team Ever thanks you for purchasing one of its Prestashop modules!
